ALTER-Net Summer School "Biodiversity and ecosystem services: science and its impact on policy and society"
Peyresq / France, 30 August - 9 September 2017

	day 1	day 2	day 3	day 4	day 5	day 6	day 7	day 8	day 9	day 10	day 11
	Wednesday	Thursday	Friday	Saturday	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	30/08/2017	**31/08/2017**	**01/09/2017**	**02/09/2017**	**03/09/2017**	**04/09/2017**	**05/09/2017**	**06/09/2017**	**07/09/2017**	**08/09/2017**	**09/09/2017**
Topics	**Arrival and Introductions**	**Poster presentations and discussions**	**Ecosystem services**	**Sciece, policy and society**	**Mapping ecosystem services and nitrogen**	**Field trip**	**Uncertain futures, climate change and wicked problems**	**Trade-offs, synergies, valuation and genetic diversity**	**Biodiversity, the SDGs and the science-policy interface**	**Concluding sessions**	**Departure**
08:00 - 09:00	Arrival, check in and room assignments	Breakfast	Breakfast	Breakfast	Breakfast	Breakfast	Breakfast	Breakfast	Breakfast	Breakfast	Breakfast
9:00 - 10:30		Poster presentations	Does the ecosystem service concept help local decision-makers? *Francis Turkelboom*	The challenges of communicating knowledge to policy *Carsten Nesshoever*	A critical perspective on mapping ecosystem services - general issues *Nicolas Dendoncker*	Case study field trip: *Frédéric Guiter, Nicolas Dendoncker, Emilie Crouzat and Marie Vandewalle*	Policy making and planning in an uncertain future *Marc Metzger*	Assessing bundles of ecosystem services in the French Alps: disentangling trade-offs and synergies *Emilie Crouzat*	Searching for the place of biodiversity in the ecosystem services discourse *Kurt Jax*	Working group sessions	Departure
10:30 - 11:00		Coffee break	Coffee break	Coffee break	Coffee break		Coffee break	Coffee break	Coffee break	Coffee break	
11:00 - 12:30		Poster presentations	Does the ecosystem service concept help local decision-makers? *Francis Turkelboom*	Ecosystem-based management of aquatic ecosystems *Sonja Jähnig*	A critical perspective on mapping ecosystem services - assessments and accounting *Sander Jacobs*		Climate change, biodiversity and intergovernmental processes *Wolfgang Cramer*	Non-monetary valuation of ecosystem services *Erik Gomez*	Interlinkages and the UN Sustainable Development Goals *Eeva Furman*	Working group sessions	
12:30 - 14:00	Lunch	Lunch	Lunch	Lunch	Lunch		Lunch	Lunch	Lunch	Lunch	
14:00 - 16:00	Welcome and introductions …… Biodiversity and ecosystems: from research to policy *Allan Watt* …… Coffee break	Poster presentations	Walk to the shepherds	Working group sessions	Working group sessions		Working group sessions	Working group sessions	Working group sessions	Working group sessions and presentation of the working groups	
16:00 - 16:30		Coffee break		Coffee break	Coffee break		Coffee break	Coffee break	Coffee break	Coffee break	
16:30 - 17:30		Poster presentations and introduction to project *Martin Sharman and tutors*		Working group sessions	Working group sessions		Working group sessions	Working group sessions	Working group sessions	Presentation of the working groups, reflections on the summer school (conveners etc) and feed back sessions	
17:30 - 18:30 'aperitif talk'	The history of Peyresq (introduction and village walk) *Jean Vancompernolle*	Research in a post-truth world *Martin Sharman*		Transformations towards sustainability *Sybille van den Hove*	How to get policy makers interested in nitrogen *Mark Sutton*		Wolves, dogs, humans and wicked problems *Taru Peltola*	Genetic research: the key to saving the world's forests (and us) *Stephen Cavers*	Is scientific research making a difference and if not, why not? *Raoul Mille*		
19:30	Dinner	Dinner	Dinner	Dinner	Dinner		Dinner	Dinner	Dinner	Dinner
