

ALTER-Net

13th ALTER-Net Summer School

22 August - 01 September 2018, Peyresq, France

Biodiversity and Ecosystem Services: Science and its Impact on Policy and Society

22nd August to 1st September 2018
Peyresq, Alpes de Haute-Provence, France

ALTER-Net invites applications to its 13th annual Summer School. This is a unique opportunity for an intensive course on the science, policy and practice of biodiversity, ecosystem services and natural-based solutions in the beautiful surroundings of Peyresq, in South-Eastern France.

The ALTER-Net Summer Schools, emphasising interdisciplinary approaches, provide an innovative atmosphere for thinking about how science can inform policy and develop solutions to societal challenges.

The 2018 Summer School will focus on:

- Biodiversity, conservation and restoration;
- Mapping and assessment of ecosystem services;
- Scenario building and adaptation to climate change;
- Monetary and non-monetary valuation of biodiversity and ecosystem services;
- The science-society-policy interface.

For further information and to apply

To apply please see the ALTER-Net website www.alter-net.info/summer-school with a **closing date of 20th April**.
